

1. PRODUCT DESCRIPTION

The name says it all: we have equipped this Funnel with bending metal elements so that you can individually shape the sides and push the Funnel into tight spaces. What is it for? For draining, collecting and filling liquids, even in difficult installation situations! Of course, there is also a 3/4 inch brass connection that can be used to drain liquids directly via a hose. Alternatively, you can use the sealing cap to collect the liquids in the Flexible Funnel. The three lugs on the sides also have suspension eyelets and strong neodymium magnets - so you can also attach the Funnel firmly to metallic surfaces.

[DERBLAUE®](#)

2. SCOPE OF DELIVERY

- 1x Flexible Funnel
 - 1x height-adjustable Suspension System
 - 1x instruction manual
-

3. TECHNICAL DATA

- **Material:** Robust, fabric-reinforced special tarpaulin
 - **Dimensions:** 24 cm per side, height 34 cm, flexibly adjustable
 - **Weight:** Light and easy to handle
 - **Connection:** 3/4-inch brass connection
 - **Fastening:** Three lugs with suspension eyelets and strong neodymium magnets
-

4. SAFETY INFORMATION

- **Application:** Suitable for directing and collecting liquids such as heating water, glycol-containing liquids, hydraulic and lubricating oils during service work on machines, vehicles or systems.
- **Handling:** Avoid contact of the Flexible Funnel with sharp or pointed objects to prevent cracks or other damage.

- **Storage:** Clean the Flexible Funnel thoroughly after use, dry it completely and store it in a dry, cool place to preserve the service life of the material.
 - **Fastening:** Make sure that the integrated neodymium magnets adhere firmly and securely to metallic surfaces or that the Flexible Funnel is stably combined with other DERBLAUE® products.
 - **Warning:** Not suitable for drinking water. This product is intended exclusively for non-potable liquids. Use in drinking water systems may impair water quality.
-

5. LABELING AND TRACEABILITY

- **Manufacturer:** Aqua Evolution Systems GmbH
 - **Brand:** DERBLAUE®
 - **Product name:** Flexible Funnel
 - **Item number:** 12015
 - **Contact address:** Aqua Evolution Systems GmbH Lindenstr. 14| 87477 Sulzberg| Germany
 - **Website:** store.derblaue.com
-

6. OPERATING INSTRUCTIONS

- **Assembly and attachment:** Fold and shape the Flexible Funnel so that it fits perfectly at the respective location where liquids are to be drained off. Attach the Flexible Funnel to a suitable metallic surface using the integrated magnets or fix it in place with suitable suspensions.
 - **Alignment:** Align the lower section of the Funnel so that liquids are directed into a collection container or hose.
 - **Check:** Before starting work, check the stability of the attachment and the tight fit of the magnets to prevent slipping during use.
-

7. RISK ANALYSIS

Mechanical risks:

- Possible damage to the Flexible Funnel due to overloading or incorrect installation.
- **Measures:** Observe load limits and ensure correct, secure attachment.
- **Wear risks:** Wear or material fatigue due to repeated bending or improper handling.
- **Measures:** Regular visual inspection for cracks, deformation or damaged magnets and timely replacement if there are signs of wear.

8. DECLARATION OF CONFORMITY

Manufacturer:

Aqua Evolution Systems GmbH
Lindenstr. 14
87477 Sulzberg
Germany

Hereby, Aqua Evolution Systems GmbH declares that the DERBLAUE® Flexible Funnel complies with the requirements of the EU General Product Safety Regulation (GPSR) 2023/988.

Date: 21.01.2025

Signature:

Position: CEO

9. CLEANING AND MAINTENANCE

Clean the Flexible Funnel after each use with warm water and a mild detergent to thoroughly remove any oil, coolant or other liquid residue. Dry the Flexible Funnel completely before folding or storing it.

Store the Flexible Funnel in a dry, cool place and protect it from direct sunlight and aggressive chemicals.

10. MAINTENANCE AND INSPECTION

Before each use, check the bending metal elements, flexible edges and magnets of the Flexible Funnel for deformation or loosening and carefully adjust or fasten them if necessary. Check the material regularly for cracks, signs of wear or other damage. Replace damaged parts immediately to ensure safe and reliable use of the Flexible Funnel.

11. DISPOSAL

- **Environmentally friendly disposal:**
 - Dispose of the Flexible Funnel in accordance with local regulations for plastic and metal waste.
 - Recycling is preferred to minimize environmental impact.
