

1. PRODUCT DESCRIPTION

The DERBLAUE® Professional Tub is a flexible, foldable collection tub for service work on machines and systems, especially in the HVAC, hydraulics, and commercial vehicle sectors. Thanks to bent metal elements, the edges can be individually shaped so that liquids can be directed and collected safely. The Tub is ready for immediate use, compactly foldable, and can be used without tools – ideal for mobile applications.

2. SCOPE OF DELIVERY

- 1x Professional Tub with bending metal elements
 - 1x operating instructions
-

3. TECHNICAL DATA

- **Material:** Chemical-resistant plastic with integrated metal core
 - **Dimensions unfolded:** approx. 36.2 cm x 17.4 cm
 - **Dimensions folded:** compact for storage
 - **Weight:** approx. 580 g
 - **Volume:** approx. 10 liters
-

4. SAFETY INFORMATION

- **Use:** Only for collecting water, oil, cleaning agents, and similar media. Not suitable for aggressive chemicals.
 - **Handling:** Check for cracks, deformations, or damage before each use.

Position: CEO

9. CLEANING AND CARE

Clean with warm water and a soft detergent. Dry completely before folding. Store in a dry, cool place away from direct sunlight.

10. MAINTENANCE AND INSPECTION

Check for material defects and bent metal parts before each use. Do not use if damaged and dispose of properly.

11. DISPOSAL

- **Environmentally friendly disposal:**
 - Dispose of defective components of the professional tub in accordance with local regulations.
 - Plastic and metal parts can be recycled.
 - Parts with integrated magnets must not be disposed of with household waste; take them to a suitable recycling center.
 - Recycling is preferable in order to minimize environmental impact.
-
