

1. PRODUCT DESCRIPTION

The DERBLAUE® Slide was awarded the innovation prize and is used for the targeted guiding of liquids. It has integrated bending metal elements that allow flexible shaping. Suspension brackets with strong neodymium magnets and eyelets allow easy attachment to metallic surfaces or in combination with other DERBLAUE® products such as the Professional Tub or splash guards.

[DERBLAUE®](#)

2. SCOPE OF DELIVERY

- **Slide:** 30 cm wide at the top, 20 cm at the bottom, 50 cm long; equipped with Suspension System, strong neodymium magnets and eyelets; integrated bending metal elements.
-

3. TECHNICAL DATA

- **Material:** Fabric-reinforced special tarpaulin
 - **dimensions:**
 - o Top width: 30 cm
 - o Bottom width: 20 cm
 - o Length: 50 cm
 - **Fastening:** Hanging tabs with strong neodymium magnets and eyelets
 - **Shaping:** Can be shaped as often as required thanks to integrated bending metal elements
-

4. SAFETY INFORMATION

- **Use:** Suitable for conducting common liquids such as contaminated heating water, liquids containing glycol, hydraulic and heating oil.
- **Handling:** Avoid contact of the Slide with sharp or pointed objects to prevent damage.
- **Storage:** Clean the Slide after use and store it in a dry place to ensure the longevity of the material.
- **Attachment:** Ensure that the neodymium magnets adhere firmly to metallic surfaces or in combination with other DERBLAUE® products.
- **Warning:** Not suitable for drinking water. This product is intended exclusively for non-potable liquids. Use in drinking water systems may impair water quality.

5. LABELING AND TRACEABILITY

- **Manufacturer:** Aqua Evolution Systems GmbH
- **Brand:** DERBLAUE®
- **Product name:** Slide
- **Item number:** 12006
- **Contact address:** Aqua Evolution Systems GmbH Lindenstr. 14| 87477 Sulzberg| Germany
- **Website:** store.derblaue.com

6. OPERATING INSTRUCTIONS

Using the DERBLAUE® Slide

1. **Attach the Slide:**
 - o Attach the Slide to metallic surfaces using the neodymium magnets or combine it with the bending metal elements of the DERBLAUE® Professional Tub or splash guards.
 - o Use the integrated bending metal elements to adapt the shape of the Slide to the conditions on site in order to guide liquids in a targeted manner.
2. **After use:**
 - o Clean the Slide with clear water and a mild detergent.
 - o Allow the Slide to dry completely before storing it.

7. RISK ANALYSIS

- **Mechanical risks:**
 - o Possible damage due to improper handling or sharp objects.
 - o **Measures:** Careful handling and avoid contact with sharp objects.
- **Chemical risks:**
 - o Possible material damage due to aggressive chemicals.
 - o **Measures:** Only use the Slide with recommended fluids.
- **Fastening risks:**
 - o Improper fastening can cause the Slide to slip.
 - o **Measures:** Ensure that the neodymium magnets are firmly attached and that the Slide is in a stable position.

8. DECLARATION OF CONFORMITY

Manufacturer:

Aqua Evolution Systems GmbH
Lindenstr. 14| 87477 Sulzberg| Germany

Aqua Evolution Systems GmbH hereby declares that the DERBLAUE® Slide complies with the requirements of EU Regulation 2023/988 on general product safety (GPSR).

Date: 12.12.2024

Signature: 
Position: CEO

9. CLEANING AND MAINTENANCE

Clean the Slide thoroughly after each use with warm water and a mild detergent to remove any oil or liquid residue.

Dry the Slide completely before rolling it up or storing it.

Store the Slide in a dry, cool place and protect it from direct sunlight and aggressive chemicals.

10. MAINTENANCE AND INSPECTION

Before each use, check the bent metal elements along the Slide for deformation and carefully straighten them if necessary.

Check the material regularly for cracks, signs of wear or damage to seams and attachment points.

Replace damaged parts immediately to ensure safe and efficient use of the Slide.

11. DISPOSAL

- **Dispose of in an environmentally friendly manner:**
 - Dispose of defective components of the Slide in accordance with local regulations.
 - Plastic and metal parts can be recycled.
 - Parts with integrated magnets must not be disposed of with household waste; take them to a suitable recycling center.
