

1. PRODUCT DESCRIPTION

The DERBLAUE® Suspension System with 2 lines is a height-adjustable system that has been specially developed for use with Funnels and Slides. It allows flexible positioning and secure hold of the components during use.

[DERBLAUE®](#)

2. SCOPE OF DELIVERY

- **Suspension System:** Consisting of two lines that enable simple and secure attachment of Funnels and Slides.
-

3. TECHNICAL DATA

- **Maximum load:** 80 kg
 - **Length adjustment:** Adjustable from approx. 80 cm to approx. 140 cm
-

4. SAFETY INFORMATION

- **Load limit:** Do not exceed the maximum load of 80 kg to avoid damage or accidents.
 - **Fastening:** Ensure that the Suspension System is properly and securely fastened to suitable structures.
 - **Inspection:** Check the system regularly for wear or damage and replace it if necessary.
 - **Warning:** Not suitable for drinking water. This product is intended exclusively for non-potable liquids. Use in drinking water systems may impair water quality.
-

5. LABELING AND TRACEABILITY

- **Manufacturer:** Aqua Evolution Systems GmbH
- **Brand:** DERBLAUE®
- **Product name:** Suspension System with 2 lines
- **Item number:** 14008
- **Contact address:** Aqua Evolution Systems GmbH Lindenstr. 14 | 87477 Sulzberg | Germany
- **Website:** store.derblaue.com

6. OPERATING INSTRUCTIONS

Using the DERBLAUE® Suspension System with 2 lines

1. Attachment:

- o Attach the ends of the lines securely to the suspension points provided on the Funnel or Slide.
- o Secure the other ends of the lines to a stable structure above the work area.

2. Height adjustment:

- o Adjust the length of the lines accordingly to achieve the desired working height between 80 cm and 140 cm.

3. Inspection:

- o Ensure that all connections are tight and the system is stable before starting work.
-

7. RISK ANALYSIS

• Mechanical risks:

- o Possible damage due to overloading or improper attachment.
- o Measures: Observe load limit and ensure secure fastening.

• Wear risks:

- o Wear of the lines due to frequent use.
 - o Measures: Regular inspection and timely replacement if there are signs of wear.
-

8. DECLARATION OF CONFORMITY

Manufacturer:

Aqua Evolution Systems GmbH
Lindenstr. 14
87477 Sulzberg
Germany

Aqua Evolution Systems GmbH hereby declares that the DERBLAUE® Suspension System with 2 lines complies with the requirements of EU Regulation 2023/988 on general product safety (GPSR).

Date: 21.01.2025

Signature:

Position: CEO

9. CLEANING AND CARE

Clean the Suspension System after each use with warm water and a mild detergent to remove dirt and liquid residues.

Dry the Suspension System completely before storing it.

Store the Suspension System in a dry, cool place and protect it from direct sunlight and aggressive chemicals.

10. MAINTENANCE AND INSPECTION

Before each use, check all components of the Suspension System, such as hooks, eyelets or metal parts, for deformation, loose connections or wear and tear, and correct or fasten them if necessary.

Check the material regularly for cracks, rust or other damage. Replace damaged parts of the Suspension System immediately to ensure safe and reliable use.

11. DISPOSAL

- **Environmentally friendly disposal:**
 - o Dispose of the Suspension System in accordance with local regulations for metal and plastic waste.
 - o Recycling is preferable to minimize environmental impact.
-
